

Alex Rolluda, AIA

Rolluda Architects, Inc.

alex@rolludaarchitects.com

Alex is the managing principal and owner of a certified small business, which specializes in the architectural design of multifamily and residential projects, mixed-use developments, educational facilities, student housing, transportation facilities, community centers, municipal/government buildings, city and municipal planning, office buildings, and industrial/manufacturing projects. He is a registered, licensed Architect in the State of Washington. Alex offers over 30 years of professional experience as an architect with a strong professional interest in programming and pre-design. His experience includes leading interest groups and facilitating workshops.

Alex was originally appointed to the Capitol Campus Design Advisory Committee by former Washington State Governor Christine Gregoire in 2009. His appointment has been extended since his original appointment, and his current term will continue to December 31, 2019. Alex has previously served the committee as its Vice Chair during his tenure.

Alex currently serves as the committee's 2018 Chair.
