**RE: Project Review Committee Determination  
For Lake Washington School District  
GC/CM Certification Application**

Dear Mr. Miller:

The Capital Projects Advisory Review Board's Project Review Committee Panel has determined that your application to use GC/CM does not meet the criteria established in RCW 39.10.270. Based on its review of your application and subsequent interview on May 22, 2014, the Panel offers the following feedback regarding its decision:

1. The Lake Washington School District has very little in house GC/CM experience
2. The school district is relying too much on the consultant for agency GC/CM certification

We thank you for your application and presentation and trust this will not deter you from re-applying for GC/CM certification in the future, or GC/CM project approval.

Sincerely
