

REPUBLIC SCHOOL DISTRICT

REPUBLIC HIGH SCHOOL REPLACEMENT DB PROJECT

1. From your attachments it appears that a design team has already been intimately involved with the project, how will you make sure that submitting teams not utilizing that design firm have equal opportunity on the project?
 - a. We hired MMEC architects to help with the graphics for the bond committee as well as help develop the education specifications to get the community and staff involved prior to the bond vote. They have had 2 or 3 conversations with the district therefore I would not call it "intimately involved".

2. If the November election fails, is the project then put on the shelf? Will this be made clear to the submitting teams?
 - a. Yes, this is a one-time option with regards to the legislature. This bond must pass, or the project will be shelved until another grant is presented. The bond vote is August 4, 2020 and the RFQ will not be issued until after the vote.
