This Addendum consists of one part:

- Responses/clarifications to proposer questions

**1. The following responses are offered to submitted questions:**

Questions	Answers
What are the Submittal Requirements requested for the Executive Summary?	The executive summary should summarize the key points of the report. Outlining what is included to ensure all scored criteria is included in your submission.
Understanding what is desired between Previous Performance & Project Approach as the description under Project Approach is missing and Previous Performance seems to overlap with what describes Project Approach. What is wanted in the SOQ for these two sections?	<p>Previous Performance – What we’re looking for here is performance on previous projects (challenges, how issues were resolved, scope development on previous projects and tools/methods that kept the budget and schedule on task). i.e. what project approach was undertaken on similar projects/how the previous performance went on those projects.</p> <p>Project Approach – What your firms plan/approach is for undergoing this feasibility study. Anticipated challenges and ideas of navigating these for a successful project. Tailored to this Client Agency rather than past projects.</p>

This addendum does not amend the due date or time for submission of Statements of Qualifications.
