--	--

The Washington State Liquor Control Board (WSLCB) is awarding this contract to VitalSmarts (Contractor) in order to provide a Crucial Confrontations training program for WSLCB Enforcement personnel. The training will be given by Contractor at the WSLCB Enforcement Conference held on August 25-26, 2008.

Contractor shall conduct the Crucial Confrontations training program during which participants should learn a straightforward step-by-step process for identifying and resolving performance gaps, strengthening accountability, eliminating inconsistency and reducing resentment. The training program should also enable participants to be able to hold anyone accountable, master performance discussions, motivate without using power, and enable without taking over. Contractor shall utilize video examples, group discussions, and interactive in-class practice sessions during the course of the training.

The original contract was to provide services as a technical consultant and resource to OSPI on the final phase of the school environmental health and safety rule revision, WAC 246-366 Primary and Secondary Schools. The amendment adds additional time and dollars to complete the rule revision because the original time allotted was underestimated.

Additional information/research was required that was needed for the final Historic Structures Report for Rothschild House State Park. This was discovered in the June timeframe as the building was being assessed and new questions arose on the nature/implications of foundation and wall construction that were discovered. This research was necessary, and determined by Parks to be an important element/discussion to be included in the final report.

The Washington State Parks and Recreation Commission (WSPRC) seeks to map the distribution and cover of common plant species atop the bluff face in front of the main gun batteries at Fort Casey State Park, and to map in detail the composition and cover of plant species immediately surrounding select golden paintbrush (*Castilleja levisecta*) individuals. This is part of the vegetation survey of Western Washington State Parks.
