Duo PR collaborated with the Washington State Fruit Commission (WSFC) from April through September to plan and execute a multi-level publicity and awareness campaign focused on preserving fruit. As a result of this campaign, the website www.sweetpreservation.com was established, garnering more than 60,000 impressions and numerous media mentions. Given the success of the initial launch, WSFC is requesting Duo to prepare a PR analysis of the season's programs in order for the WSFC to align and further develop complimentary programming for the 2011 season.
