
Insurance Alert

Important Reminders

- Emails for the commercial auto policies renewals were sent out in early January. Vehicle and driver schedules are due back March 1.
- Have you had a change in Risk Manager or insurance contact? If so, please send your updates to [Kim Haggard](mailto:Kim.Haggard@des.wa.gov).

2013-14 Master Property Policy Changes

Feedback received from our client agencies during our Lean project (Annual Property Insurance Coverage Determination and Billing) indicated that the July renewal date proved difficult because the property scheduling portion conflicted with the legislative session. The Office of Risk Management successfully negotiated an October 1, 2013 renewal date.

What does this mean to you?

- Property insurance coverage will be extended this year from July 1-October 1.
- Our broker was able to secure coverage for those three months at the 2012-13 renewal rate (\$.082 per \$100/values).
- Your insurance will be extended using the same schedule you provided last renewal and you will be invoiced for the extension in late October.
- Any additions or deletions will be billed or refunded during the audit, which should occur 90-120 days after the policy expires.
- Renewal schedules for the new policy year will be emailed to each of you in April and will be due back to our office by July 1.

Frequently Asked Questions (FAQs) on the Web

We have been updating our website with FAQs for some common questions regarding the policies we currently carry. In addition to the Master Property and Boiler and Machinery policies, we have now added FAQs for the Foreign Liability policy. You can read those [here](#). This policy renews on March 21. If you are interested in obtaining this coverage, contact [John Christenson](#).
