3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON: Sec. 1. RCW 53.08.120 and 2018 c 149 s 2 are each amended to 5 6 read as follows: (1) All material and work required by a port district not 8 meeting the definition of public work in RCW 39.04.010(4) may be 9 procured in the open market or by contract and all work ordered may 10 be done by contract or day labor. (2) (a) All such contracts for work meeting the definition of 12 "public work" in RCW 39.04.010(4), the estimated cost of which 13 exceeds (($\frac{\text{three hundred thousand dollars}}{\text{thousand dollars}}$)) the cost thresholds 14 established in RCW 39.04.155, shall be awarded using a competitive 15 bid process. The contract must be awarded at public bidding upon 16 notice published in a newspaper of general circulation in the 17 district at least thirteen days before the last date upon which bids 18 will be received, calling for bids upon the work, plans and 19 specifications for which shall then be on file in the office of the Draft p.1

AN ACT Relating to public works contracting;

Commented [WK1]: This is aligning port
districts with the general small works roster
statute.

```
2 on such work or material based upon plans and specifications
 3 submitted by the bidder. The competitive bidding requirements for
 4 purchases or public works may be waived pursuant to RCW 39.04.280 if
 5 an exemption contained within that section applies to the purchase
 6 or public work.
       (b) For all contracts related to work meeting the definition of
 8 "public work" in RCW 39.04.010(4), ((that are estimated at three
 9 hundred thousand dollars or less)) the estimated cost of which do
10 not exceed the cost thresholds established in RCW 39.04.155, a port
11 district may let contracts using the small works roster process
12 under RCW 39.04.155 in lieu of advertising for bids. Whenever
13 possible, the managing official shall invite at least one proposal
14 from a minority contractor who shall otherwise qualify under this
15 section.
       When awarding such a contract for work, when utilizing proposals
17 from the small works roster, the managing official shall give weight
18 to the contractor submitting the lowest and best proposal, and
19 whenever it would not violate the public interest, such contracts
20 shall be distributed equally among contractors, including minority
21 contractors, on the small works roster.
22
       (c) Any port district may construct any public work, as defined
23 in RCW 39.04.010, by contract without calling for bids whenever the
24 estimated cost of the work or improvement, including cost of
25 materials, supplies, and equipment, will not exceed the sum of forty
26 thousand dollars. A "public works project" means a complete project.
27 The restrictions in this subsection do not permit the division of
28 the project into units of work or classes of work to avoid calling
29 for bids. The port district managing official shall make his or her
30 best effort to reach out to qualified contractors, including
31 certified minority and woman-owned contractors.
       (3) (a) A port district may procure public works with a unit
```

33 priced contract under this section or RCW 39.04.010(2) for the

1 commission for public inspection. The same notice may call for bids

Draft p.2

```
1 purpose of completing anticipated types of work based on hourly
2 rates or unit pricing for one or more categories of work or trades.
```

- 3 (b) For the purposes of this section, unit priced contract means
 4 a competitively bid contract in which public works are anticipated
 5 on a recurring basis to meet the business or operational needs of a
 6 port district, under which the contractor agrees to a fixed period
 7 indefinite quantity delivery of work, at a defined unit price, for
 8 each category of work.
- 9 (c) Unit priced contracts must be executed for an initial
 10 contract term not to exceed three years, with the port district
 11 having the option of extending or renewing the unit priced contract
 12 for one additional year.
- (d) Invitations for unit priced bids shall include, for purposes 14 of the bid evaluation, estimated quantities of the anticipated types 15 of work or trades, and specify how the port district will issue or 16 release work assignments, work orders, or task authorizations 17 pursuant to a unit priced contract for projects, tasks, or other 18 work based on the hourly rates or unit prices bid by the contractor. 19 Contracts must be awarded to the lowest responsible bidder as per 20 RCW 39.04.010. Whenever possible, the port district must invite at 21 least one proposal from a minority or woman contractor who otherwise 22 qualifies under this section.
- (e) Unit priced contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the prevailing wage rates in effect at the 27 beginning date for each contract year. Unit priced contracts shall have prevailing wage rates updated annually. Intents and affidavits for prevailing wages paid shall be submitted annually for all work completed within the previous twelve-month period of the unit priced 31 contract.

24 to award contracts for construction, building, renovation,
25 remodeling, alteration, repair, or improvement of real property that
26 may be used by state agencies and by any local government that is
27 expressly authorized to use these provisions. These provisions may

 3 public works process under subsection (3) of this section.
       (2)(a) A state agency or authorized local government may create
 5 a single general small works roster, or may create a small works
 6 roster for different specialties or categories of anticipated work.
7 Where applicable, small works rosters may make distinctions between
8 contractors based upon different geographic areas served by the
 9 contractor. The small works roster or rosters shall consist of all
10 responsible contractors who have requested to be on the list, and
11 where required by law are properly licensed or registered to perform
12 such work in this state. A state agency or local government
13 establishing a small works roster or rosters may require eligible
14 contractors desiring to be placed on a roster or rosters to keep
15 current records of any applicable licenses, certifications,
16 registrations, bonding, insurance, or other appropriate matters on
17 file with the state agency or local government as a condition of
18 being placed on a roster or rosters. At least once a year, the state
19 agency or local government shall publish in a newspaper of general
20 circulation within the jurisdiction a notice of the existence of the
21 roster or rosters and solicit the names of contractors for such
22 roster or rosters. In addition, responsible contractors shall be
23 added to an appropriate roster or rosters at any time they submit a
24 written request and necessary records. Master contracts may be
25 required to be signed that become effective when a specific award is
26 made using a small works roster.
       (b) A state agency establishing a small works roster or rosters
28 shall adopt rules implementing this subsection. A local government
29 establishing a small works roster or rosters shall adopt an
30 ordinance or resolution implementing this subsection. Procedures
31 included in rules adopted by the department of enterprise services
32 in implementing this subsection must be included in any rules
33 providing for a small works roster or rosters that is adopted by

 3 interlocal contract or agreement between two or more state agencies
 4 or local governments establishing a small works roster or rosters to
 5 be used by the parties to the agreement or contract must clearly
 6 identify the lead entity that is responsible for implementing the
7 provisions of this subsection.
       (c) Procedures shall be established for securing telephone,
9 written, or electronic quotations from contractors on the
10 appropriate small works roster to assure that a competitive price is
11 established and to award contracts to the lowest responsible bidder,
12 as defined in RCW 39.04.010. Invitations for quotations shall
13 include an estimate of the scope and nature of the work to be
14 performed as well as materials and equipment to be furnished.
15 However, detailed plans and specifications need not be included in
16 the invitation. This subsection does not eliminate other
17 requirements for architectural or engineering approvals as to
18 quality and compliance with building codes. Quotations may be
19 invited from all appropriate contractors on the appropriate small
20 works roster. As an alternative, quotations may be invited from at
21 least five contractors on the appropriate small works roster,
22 including at least two small businesses as defined in RCW 39.26.010
23 or women and minority owned businesses certified by the office of
24 minority and women's business enterprises, who have indicated the
25 capability of performing the kind of work being contracted, in a
26 manner that will equitably distribute the opportunity among the
27 contractors on the appropriate roster. However, if the estimated
28 cost of the work is from two hundred fifty thousand dollars to three
29 hundred fifty thousand dollars, or between the cost thresholds
30 determined by the office of financial management pursuant to
31 subsection (7) of this section, a state agency or local government
32 that chooses to solicit bids from less than all the appropriate
33 contractors on the appropriate small works roster must also notify

 2 option of determining whether this notice to the remaining
 3 contractors is made by: (i) Publishing notice in a legal newspaper
 4 in general circulation in the area where the work is to be done;
 5 (ii) mailing a notice to these contractors; or (iii) sending a
 6 notice to these contractors by facsimile or other electronic means.
 7 For purposes of this subsection (2)(c), "equitably distribute" means
 8 that a state agency or local government soliciting bids may not
 9 favor certain contractors on the appropriate small works roster over
10 other contractors on the appropriate small works roster who perform
11 similar services. Additionally, the solicitation of bids provided
12 pursuant to this subsection 2(c) must rotate through the contractors
13 on the appropriate small works roster and must, when qualified
14 contractors are available from the roster who may perform the work
15 or deliver the services within the budget described in the notice or
16 request for proposals, utilize different contractors on different
17 projects and ensure that no contractor receives more than twenty
18 percent of the total contracts let by the agency or local government
19 that utilize the small works roster.
```

20 (d) A contract awarded from a small works roster under this 21 section need not be advertised.

(e) Immediately after an award is made, the bid quotations 23 obtained shall be recorded, open to public inspection, and available 24 by at least one of the following: Telephone or electronic request.

(f) For projects awarded under the small works roster process
established under this subsection, a state agency or authorized
local government may waive the retainage requirements of RCW
8 60.28.011(1)(a), thereby assuming the liability for contractor's
nonpayment of: (i) Laborers, mechanics, subcontractors,
materialpersons, and suppliers; and (ii) taxes, increases, and
penalties under Titles 50, 51, and 82 RCW that may be due from the
contractor for the project. However, the state agency or local
government has the right of recovery against the contractor for any
appayments made on the contractor's behalf. Recovery of unpaid wages

(3) (a) In lieu of awarding contracts under subsection (2) of
this section, a state agency or authorized local government may
award a contract for work, construction, alteration, repair, or
improvement projects estimated to cost less than fifty thousand
dollars or less than the threshold determined by the office of
financial management pursuant to subsection (7) of this section,
whichever amount is greater, using the limited public works process
provided under this subsection. Public works projects awarded under
this subsection are exempt from the other requirements of the small
works roster process provided under subsection (2) of this section
and are exempt from the requirement that contracts be awarded after

14 advertisement as provided under RCW 39.04.010.

15 (b) For limited public works projects, a state agency or 16 authorized local government shall solicit electronic or written 17 quotations from a minimum of three contractors from the appropriate 18 small works roster and shall award the contract to the lowest 19 responsible bidder as defined under RCW 39.04.010. After an award is 20 made, the quotations shall be open to public inspection and 21 available by electronic request. A state agency or authorized local 22 government must equitably distribute opportunities for limited 23 public works projects among contractors willing to perform in the 24 geographic area of the work. A state agency or authorized local 25 government shall maintain a list of the contractors contacted and 26 the contracts awarded during the previous twenty-four months under 27 the limited public works process, including the name of the 28 contractor, the contractor's registration number, the amount of the 29 contract, a brief description of the type of work performed, and the 30 date the contract was awarded. For limited public works projects, a 31 state agency or authorized local government may waive the payment 32 and performance bond requirements of chapter 39.08 RCW and may waive 33 the retainage requirements of RCW 60.28.011(1)(a), thereby assuming 34 the liability for the contractor's nonpayment of laborers,

- 1 mechanics, subcontractors, materialpersons, suppliers, and taxes,
- 2 increases, and penalties imposed under Titles 50, 51, and 82 RCW
- 3 that may be due from the contractor for the limited public works
- 4 project, however the state agency or authorized local government
- 5 shall have the right of recovery against the contractor for any
- 6 payments made on the contractor's behalf.
- 7 (4) The breaking of any project into units or accomplishing any
- 8 projects by phases is prohibited if it is done for the purpose of
- 9 avoiding the maximum dollar amount of a contract that may be let
- 10 using the small works roster process or limited public works
- 11 process.
- 12 (5) A state agency or authorized local government may use the
- 13 limited public works process in this section to solicit and award
- 14 small works roster contracts to minibusinesses and microbusinesses
- 15 as defined under RCW 39.26.010 that are registered contractors.
- 16 (6) The definitions in this subsection apply throughout this
- 17 section unless the context clearly requires otherwise.
- 18 (a) "Equitably distribute opportunities" means that a state
- 19 agency or authorized local government may not favor certain

- 27 contractor receives more than twenty percent of the total contracts
- 28 let by the agency or local government that utilize the small works
- 29 <u>roster</u>.
- 30 (b) "State agency" means the department of enterprise services,
- 31 the state parks and recreation commission, the department of natural
- 32 resources, the department of fish and wildlife, the department of
- 33 transportation, any institution of higher education as defined under
- 34 RCW 28B.10.016, and any other state agency delegated authority by

       (7) The dollar thresholds established in subsections (1),
  (2)(c), and (3)(a) this section must be adjusted for inflation by
 6 the office of financial management every five years based upon
7 changes in the building cost index during that time period.
 8 "Building cost index" means the building cost index for Seattle,
 9 Washington, compiled by engineering news record, a nationally
10 recognized professional construction trade periodical. The building
11 cost index uses average skilled construction labor rates, structural
12 steel, concrete, and lumber as the basis of measurement. The office
13 of financial management must calculate the new dollar threshold and
14 transmit it to the office of the code reviser for publication in the
15 Washington State Register by December 1, 2023, and every five years
16 thereafter, and any change shall not take effect before the end of

- 28 (4) For contracts of one hundred fifty thousand dollars or less,
- 29 the public entity may accept a full payment and performance bond

       (b) From a baseline of ten thousand dollars on January 1, 2022,
  the office of financial management must adjust the threshold in this
 7 subsection every five years, beginning January 1, 2024, based on
  inflation. The inflation determination shall be based upon changes
  in the building cost index during that time period. "Building cost
10 index" means the building cost index for Seattle, Washington,
11 compiled by engineering news record, a nationally recognized
12 professional construction trade periodical. The building cost index
13 uses average skilled construction labor rates, structural steel,

- 3 (ii) the state with respect to taxes, increases, and penalties
- 4 incurred on the public improvement project under Titles 50, 51, and
- 5 82 RCW which may be due. The contract bond must remain in full force
- 6 and effect until, at a minimum, all claims filed in compliance with
- 7 chapter 39.08 RCW are resolved.
- 8 (2) Every person performing labor or furnishing supplies toward
- 9 the completion of a public improvement contract has a lien upon
- 10 moneys reserved by a public body under the provisions of a public
- 11 improvement contract. However, the notice of the lien of the
- 12 claimant must be given within forty-five days of completion of the
- 13 contract work, and in the manner provided in RCW 39.08.030.
- 14 (3) The contractor at any time may request the contract
- 15 retainage be reduced to one hundred percent of the value of the work
- 16 remaining on the project.
- 17 (a) After completion of all contract work other than
- 18 landscaping, the contractor may request that the public body release
- 19 and pay in full the amounts retained during the performance of the
- 20 contract, and sixty days thereafter the public body must release and
- 21 pay in full the amounts retained (other than continuing retention of
- 22 five percent of the moneys earned for landscaping) subject to the
- 23 provisions of chapter 39.12 RCW and this chapter.
- (b) Sixty days after completion of all contract work the public
- 25 body must release and pay in full the amounts retained during the
- 26 performance of the contract subject to the provisions of chapter

- J must issue a check representing the sum of the moneys reserved
- $\ensuremath{\text{6}}$ payable to the bank or trust company and the contractor jointly.
- 7 This check must be converted into bonds and securities chosen by the
- 8 contractor and approved by the public body and the bonds and
- 9 securities must be held in escrow. Interest on the bonds and
- 10 securities must be paid to the contractor as the interest accrues.
- 11 (5) The contractor or subcontractor may withhold payment of not
- 12 more than five percent from the moneys earned by any subcontractor
- 13 or sub-subcontractor or supplier contracted with by the contractor
- 14 to provide labor, materials, or equipment to the public project.
- 15 Whenever the contractor or subcontractor reserves funds earned by a
- 16 subcontractor or sub-subcontractor or supplier, the contractor or
- 17 subcontractor must pay interest to the subcontractor or sub-
- 18 subcontractor or supplier at a rate equal to that received by the
- 19 contractor or subcontractor from reserved funds.
- 20 (6) A contractor may submit a bond for all or any portion of the
- 21 contract retainage in a form acceptable to the public body and from
- 22 an authorized surety insurer. The public body may require that the
- 23 authorized surety have a minimum A.M. Best financial strength rating
- 24 so long as that minimum rating does not exceed A-. The public body
- 25 must comply with the provisions of RCW 48.28.010. At any time prior
- 26 to final formal acceptance of the project, a subcontractor may
- 27 request the contractor to submit a bond to the public owner for that
- 28 portion of the contractor's retainage pertaining to the
- 29 subcontractor in a form acceptable to the public body and from a
- 30 bonding company meeting standards established by the public body.
- 31 The contractor may withhold the subcontractor's portion of the bond
- 32 premium. Within thirty days of receipt of the request, the
- 33 contractor shall provide and the public body shall accept a bond
- 34 meeting these requirements unless the public body can demonstrate

```
1 good cause for refusing to accept it, the bond is not commercially
 2 available, or the subcontractor refuses to pay the subcontractor's
 3 portion of the bond premium and to provide the contractor with a
 4 like bond. The contractor's bond and any proceeds therefrom are
 5 subject to all claims and liens and in the same manner and priority
 6 as set forth for retained percentages in this chapter. The public
7 body must release the bonded portion of the retained funds to the
8 contractor within thirty days of accepting the bond from the
 9 contractor. Whenever a public body accepts a bond in lieu of
10 retained funds from a contractor, the contractor must accept like
11 bonds from any subcontractors or suppliers from which the contractor
12 has retained funds. The contractor must then release the funds
13 retained from the subcontractor or supplier to the subcontractor or
14 supplier within thirty days of accepting the bond from the
15 subcontractor or supplier.
       (7) If the public body administering a contract, after a
17 substantial portion of the work has been completed, finds that an
18 unreasonable delay will occur in the completion of the remaining
19 portion of the contract for any reason not the result of a breach
20 thereof, it may, if the contractor agrees, delete from the contract
21 the remaining work and accept as final the improvement at the stage
22 of completion then attained and make payment in proportion to the
23 amount of the work accomplished and in this case any amounts
24 retained and accumulated under this section must be held for a
25 period of sixty days following the completion. In the event that the
26 work is terminated before final completion as provided in this
27 section, the public body may thereafter enter into a new contract
28 with the same contractor to perform the remaining work or
29 improvement for an amount equal to or less than the cost of the
30 remaining work as was provided for in the original contract without
31 advertisement or bid. The provisions of this chapter are exclusive
32 and supersede all provisions and regulations in conflict herewith.
       (8) Whenever the department of transportation has contracted for
34 the construction of two or more ferry vessels, sixty days after
```

```
1 completion of all contract work on each ferry vessel, the department
```

- 2 must release and pay in full the amounts retained in connection with
- 3 the construction of the vessel subject to the provisions of RCW
- 4 60.28.021 and chapter 39.12 RCW. However, the department of
- 5 transportation may at its discretion condition the release of funds
- 6 retained in connection with the completed ferry upon the contractor
- 7 delivering a good and sufficient bond with two or more sureties, or
- 8 with a surety company, in the amount of the retained funds to be
- 9 released to the contractor, conditioned that no taxes may be
- 10 certified or claims filed for work on the ferry after a period of
- 11 sixty days following completion of the ferry; and if taxes are
- 12 certified or claims filed, recovery may be had on the bond by the
- 13 department of revenue, the employment security department, the
- 14 department of labor and industries, and the material suppliers and
- 15 laborers filing claims.
- 16 (9) Except as provided in subsection (1) of this section,
- 17 reservation by a public body for any purpose from the moneys earned
- 18 by a contractor by fulfilling its responsibilities under public
- 19 improvement contracts is prohibited.
- 20 (10) Contracts on projects funded in whole or in part by farmers
- $21\ \mbox{home}$ administration and subject to farmers home administration
- 22 regulations are not subject to subsections (1) through (9) of this
- 23 section.
- 24 (11) This subsection applies only to a public body that has
- 25 contracted for the construction of a facility using the general
- 26 contractor/construction manager procedure, as defined under RCW
- 27 39.10.210. If the work performed by a subcontractor on the project
- 28 has been completed within the first half of the time provided in the
- 29 general contractor/construction manager contract for completing the
- 30 work, the public body may accept the completion of the subcontract.
- 31 The public body must give public notice of this acceptance. After a
- 32 forty-five day period for giving notice of liens, and compliance
- 33 with the retainage release procedures in RCW 60.28.021, the public
- 34 body may release that portion of the retained funds associated with

- 1 the subcontract. Claims against the retained funds after the forty-2 five day period are not valid.
- 3 (12) The definitions in this subsection apply throughout this 4 section unless the context clearly requires otherwise.
- 5 (a) "Contract retainage" means an amount reserved by a public 6 body from the moneys earned by a person under a public improvement 7 contract.
- 8 (b) "Person" means a person or persons, mechanic, subcontractor,
 9 or materialperson who performs labor or provides materials for a
 10 public improvement contract, and any other person who supplies the
 11 person with provisions or supplies for the carrying on of a public
 12 improvement contract.
- 13 (c) "Public body" means the state, or a county, city, town, 14 district, board, or other public body.
- 15 (d) "Public improvement contract" means a contract for public 16 improvements or work, other than for professional services, or a 17 work order as defined in RCW 39.10.210.
- (13) (a) The requirements of this section do not apply to
 contracts of less than ten thousand dollars or the amount determined
 by the office of financial management as provided in (b) of this
 subsection, whichever amount is greater.

(b) From a baseline of ten thousand dollars on January 1, 2022,

- the office of financial management must adjust the threshold in this
 subsection every five years, beginning January 1, 2024, based on
 inflation. The inflation determination shall be based upon changes
 in the building cost index during that time period. "Building cost
 index" means the building cost index for Seattle, Washington,
 compiled by engineering news record, a nationally recognized
 professional construction trade periodical. The building cost index
 uses average skilled construction labor rates, structural steel,
- 31 concrete, and lumber as the basis of measurement. The resulting
- 32 amount shall be rounded to the nearest thousand dollars. The office
- 33 of financial management must calculate the new dollar threshold and
- 34 transmit it to the office of the code reviser for publication in the

       Sec. 7. RCW 39.19.120 and 1987 c 328 s 7 are each amended to
 5 read as follows:
       The office shall be the sole authority to perform certification
7 of minority business enterprises, socially and economically
 8 disadvantaged business enterprises, and women's business enterprises
 9 throughout the state of Washington. ((Certification by the state
10 office will allow)) Such certification shall be sufficient to
11 qualify these firms to participate in programs for these enterprises
12 administered by the state of Washington, any city, town, county,
13 special purpose district, public corporation created by the state,
14 municipal corporation, or quasi-municipal corporation within the
15 state of Washington, and no program may require qualifications or
16 credentials beyond certification by the office in order for an
17 enterprise qualify as a minority business enterprise, a socially and
18 economically disadvantaged business enterprise, or a women's
19 business enterprise.
20
       This statewide certification process will prevent duplication of
21 effort, achieve efficiency, and permit local jurisdictions to
22 further develop, implement, and/or enhance comprehensive systems of
23 monitoring and compliance for contracts issued by their agencies.

       Sec. 8. RCW 39.19.250 and 2021 c 160 s 7 are each amended to
26 read as follows:
       (1) For the purpose of annual reporting on progress required by
28 this chapter, each state agency, local government, and educational
29 institution shall submit data to the office and the office of
30 minority and women's business enterprises on the participation by
31 qualified minority and women-owned and controlled businesses in the

and small businesses on the agency, government, or institution's
small works rosters and the percent of contract awards and dollar
amount of contracts awarded to such firms. The director of the
office of minority and women's business enterprises shall determine
the content and format of the data and the reporting schedule, which
must be at least annually. Each agency, government, or institution
shall place the data reported to the office on the reporting
entities' website in a location related to procurement.
```

- 9 (2) The office must develop and maintain a list of contact
 10 people at each state agency and educational institution who are able
 11 to present to hearings of the appropriate committees of the
 12 legislature its progress in carrying out the purposes of chapter
 13 39.19 RCW.
- 14 (3) The office must submit a report aggregating the data 15 received from each state agency, local government, and educational 16 institution, and the information identified and actions taken under 17 RCW 39.19.060(3) and 39.19.090(4), to the legislature and the 18 governor.
- 19 (4) A city or county fully planning under RCW 36.70A.040 that
 20 fails to provide the information required under this section is

Commented [WK11]: This would require the agency, etc. to post the information reported to OMWBE on its website.

Commented [WK12]: Here's the requirement for cities/counties fully planning under RCW 36.70A.040 to provide MWBE participation information in order to be eligible for grants. I added language to Section 9 that would allow Commerce to give a grant to MRSC to help local governments with this reporting.

RCW 39.19.060 also contains data reporting requirements (along with planning requirements), but they currently only pertain to agencies and educational institutions.

8 **Sec. 10.** RCW 39.19.030 and 1996 c 69 s 5 are each amended to 9 read as follows:

There is hereby created the office of minority and women's business enterprises. The governor shall appoint a director for the office, subject to confirmation by the senate. The director may employ a deputy director and a confidential secretary, both of which shall be exempt under chapter 41.06 RCW, and such staff as are necessary to carry out the purposes of this chapter.

The office shall consult with the minority and women's business renterprises advisory committee to:

- 18 (1) Develop, plan, and implement programs to provide an
 19 opportunity for participation by qualified minority and women-owned
 20 and controlled businesses in public works and the process by which
 21 goods and services are procured by state agencies and educational
 22 institutions from the private sector;
- 23 (2) Develop a comprehensive plan insuring that qualified
 24 minority and women-owned and controlled businesses are provided an
 25 opportunity to participate in public contracts for public works and
 26 goods and services, and develop programs for assisting qualified
 27 businesses in applying for such contracts;
- 28 (3) Identify barriers to equal participation by qualified 29 minority and women-owned and controlled businesses in all state 30 agency and educational institution contracts;
- 31 (4) Establish annual overall goals for participation by
 32 qualified minority and women-owned and controlled businesses for
 33 each state agency and educational institution to be administered on
 34 a contract-by-contract basis or on a class-of-contracts basis;
