

Informational Meeting Questions & Answers

Project: 2021-224 Lower Columbia College Center for Vocational & Transitional Studies
 Location: Zoom Meeting
 Date/Time: April 20, 2022 at 2:00 PM
 DES PM: Nate Abkemeier, nate.abkemeier@des.wa.gov

Question: How extensive is the site development and utility revisions - it that part of the project?

Answer: Currently the proposed build site is a parking lot actively used by the college campus. Utility connections are readily available at the site. The City of Longview is the sanitary sewer, stormwater, and potable water purveyor. This is all part of the project.

Question: Do you know if the non-scored diversity and inclusion plans are independent of the SOQ page requirements?

Answer: Phase 1 SOQs are just Diverse Business Inclusion Strategies “Describe strategies to increase opportunities for diverse business participation”. The Diverse Business Inclusion Plan doesn't come until the shortlist Phase 2. In this phase (Phase 1) your description is part of the Page requirements.
