2 2014 situation assessment for Capitol Lake management prepared by the Ruckleshaus center and prior related reports.

The department shall:

29 .

- (a) Identify and summarize the findings of the best available science concerning water quality and habitat as they relate to conceptual options of retaining or removing the dam;
- (b) Identify multiple hybrid options for future management of Capitol Lake, which options must include substantial improvement in fish and wildlife habitat and ecosystem functions, maintaining a historic reflecting pool at the north end of the lake/estuary, and adaptive management strategies;
- (c) Identify general cost estimates for construction and maintenance of each conceptual option, in consultation with the office of financial management;
- (d) Identify the range of public support for or concerns about each option;
- (e) Identify conceptual options and degree of general support for shared funding by state, local, and federal governments and potentially other entities;
- (f) Identify one or more conceptual options for long-term shared governance of a future management plan, including consideration of an option similar to state lake management districts, chapter 36.61 RCW or shellfish protection districts, chapter 90.72 RCW.
- (g) Engage in other related activities which would contribute to reaching broad agreement on the long-term management plan.

The department shall conduct its information gathering and report preparation with a pro-active approach to public engagement, and may create such advisory entities as it determines would be helpful.

- (2) The department may contract for facilitation, research, or other services to assist in the preparation of this report.
- (3) The department shall make periodic reports to the state capitol committee, the office of financial management, and fiscal committees of the legislature, with a final report to be submitted no later than January 1, 2017. The reports must include visual representations of proposals to aid the public and decision-makers to understand and evaluate them.
