

KLICKITAT COUNTY

1850

COUNTY SEAT: GOLDENDALE

Named for the Klickitat people and the rushing Klickitat River that flows from the county's heart

Traditional home of Klickitat, Wishram, White Salmon and Yakama American Indian people

Klickitat County rolls along 84 miles of the scenic Columbia Gorge, from the forested slopes of the Cascade Range to the golden, sun-baked hills of central Washington. Before outside settlers arrived, Indian people from up and down the Columbia River river gathered at the village of Wakemap (now flooded behind The Dalles dam) for fabulous trading fairs. Native pictographs and petroglyphs can still be seen on the timeless cliffs of the stunning river gorge.
