Dear Committee Members,

I am writing to express my interest to serve the PRC in the role of Vice Chair. I believe my experience in alternative delivery combined with the leadership skills will allow me to contribute meaningfully as vice chair for the committee. I look forward to continuing to give back by further supporting the efforts of this important committee. I have endeavored to provide a distinct owner's perspective, participate in continuous committee improvement, and ensure that owners' interests and concerns are at the forefront. I believe my involvement in both vertical and horizontal construction, as well as experience with nearly every form of alternative delivery, adds value to the PRC. The committee serves an important purpose as charged by CPARB and I would endeavor to ensure we continue diligently pursuing that mission, abating concerns, and ensuring we are accountable to the expectations of the committee. It's an honor to work alongside so many strong committee members to further the advancement of alternative delivery for the State of Washington and I hope to continue and expand this service in the capacity of Vice Chair.

Thank you for your consideration,
Kyle Twohig
