

Q&A - 6/21/2022

Project: 2022-742 Job Challenge – Washington Youth Challenge Academy

DES PM: Jeff Gonzalez

Q: Since this is federally funded, please advise if the federal small and woman-owned business definition can apply for the Diverse business plan.

A: There are no specific federal requirements for this. It's your plan. But be sure to follow and comply with the RFQ requirements.

Q: Is the location of the prime firm factored into the evaluation score?

A: Not directly. But it could be a consideration as it relates the specific criteria listed.

Q: Please advise if there is a predesign fee range, as we did not see this on the Washington State Public Works fee schedule.

A: We'll negotiate fee with the most qualified firm once we're through the selection process.

Q: In pre-design please advise specific LEED tasks requested

A: You can use the most current OFM Predesign Manual for reference.
