

Contractors: Washington's Small Works Roster is Changing

Effective July 1, 2024, new changes to state law will make it easier for small businesses and public agencies to use the small works roster process to contract small public works projects (\$350,000 or less).

Get ready

Contractors, take these steps now to prepare:

- Register in WEBS
- Certify for free with OMWBE until July 2024
- Apply now for the statewide roster through MRSC
- Subscribe for updates

Public Works Small Business Enterprise Certification

A new public works small business enterprise certification is coming through the Office of Minority & Women Business Enterprises.

Statewide Small Works Roster

Firms will be able to use a **single sign-up process** to register for the statewide Small Works Roster through the Municipal Research & Service Center.

Direct contracting for projects under \$150,000

Agencies will be able to use **direct contracting** for projects under \$150,000, and **must use a small business** if there are six or more available.
