❖ Status of Agreements / Permits/ Easement

BNSF C&M agreement: September 2024

DNR License: September 2024

Coast Guard Permit obtained

1 permanent easement: October 2024

1 TE signed, 2 TEs: August 2024

❖ Commitments with local Jurisdictions

No commitment with local Jurisdictions

SR 9 Marsh Road to 2nd Street Vicinity

❖ % Design Complete

- Proof copy design completed in December 2022
- PS&E put on hold from January 2023 – May 2024
- Resubmit 2nd proof copy in August 2024

❖ Anticipated Schedule

- AD Prior to Legislative Request for CPARB Review: August 6, 2024
- Revised AD To Account for CPARB Review: January 6, 2025
- Begin Construction April 2025
- Physical completion May 2027

SR 9 Marsh Road to 2nd Street Vicinity

❖ Project Delivery

- Design-bid-build

❖ Funding Source and Requirements

- Connecting Washington funding
- Bid price cannot exceed allocated funding

	Authorized Budget	Cost to Date
PE	\$11.8M	\$11.5M
ROW	\$0.6M	\$0.1M
Construction	\$99.4M - \$109.3M	-----
Total	\$111.8M - \$121.7M	

SR 9 Marsh Road to 2nd Street Vicinity

❖ Top Risks

Budget

- Market conditions at bid opening may differ due to inflation and material availability

Design Schedule

- Right of Way acquisition delays

Construction Schedule

- Limited in-water work window
- Procurement of girders
- Procurement of light and signal poles

SR 9 Marsh Road to 2nd Street Vicinity

❖ Challenges

- Construct a bridge across the Snohomish River and BNSF track
- Construct a bridge over the overflow channel and roadway widening
- Work within a floodplain
- A delay in advertisement may prevent the contractor from doing in-water work during the 2025 fish window. This may add an additional year to the construction schedule.
