PROJECT REVIEW COMMITTEE VACANCIES
Recruitment Review Dates: *April 10th & May 8, 2025*

The Capital Projects Advisory Review Board ([CPARB](#)) is **seeking Letters of Interest** from individuals knowledgeable in the use of alternative public works contracting procedures (RCW 39.10) to serve on the Project Review Committee (PRC).

The Project Review Committee ([PRC](#)) reviews and approves projects proposing to use the General Contractor/Construction Manager (GC/CM) and Design-Build (DB) contracting methods on their projects. The PRC also certifies public bodies for three years to use these procedures without having to submit individual project applications to the PRC. The PRC is comprised of members from both public and private entities with a wide variety of construction background, expertise, and experience.

The PRC currently has bi-monthly open public meetings to review project or certification applications. Each member chosen will be asked to review the applications prior to each meeting and submit questions by a set deadline. Members will attend meetings to review a presentation from the applicants, participate in discussions and then make a declaration of approval or denial of the application. For Certification applications, a full committee is called to review, discuss, and declare. Committee members can be compensated for reasonable travel expenses.

If you are interested in serving, and/or reapplying for your current seat, please prepare a short letter of interest and it will be posted on the [CPARB Homepage](#). Please include:

CPARB plans to review letters of interest and meet the applicants in an open public meeting via the TEAMS virtual platform. All applicants are expected to attend virtually to give a brief introduction on their qualifications and interest to serve on the PRC. CPARB will continue to review applicants for vacant positions at subsequent meetings until all the positions are filled. (See CPARB webpage for additional submission due dates beyond this notice.)
