Re: Public Body GC/CM Project Approval

Dear Meredith:

The Project Review Committee has determined the King County Department of Natural Resources & Parks, Wastewater Treatment Division's Heavy Civil GC/CM Services for Sammamish Plateau Diversion project has met the criteria established in RCW 39.10.280 for public body project approval and is hereby authorized to utilize the GC/CM alternative contracting procedure.

If you determine that you wish to use the Alternative Subcontractor Selection Procurement on this project, please use the [GC/CM Project Application Supplement B](#) to apply for PRC approval.

Congratulations on the approval and good luck with your project.

Sincerely,
