## Summary of Tasks

Action By	Action			
Agency Staff	Conduct a Risk Assessment to determine if a bond requirement is appropriate.     a. Decide if a bond requirement is appropriate by balancing the separate considerations concerning the costs and benefits of requiring a bond, including analysis of the following questions:			
	<ul> <li>Does the bond hinder or further the Agency's operational need for <u>cost-effective</u> and <u>efficient procurement</u> (impact on the Agency);</li> </ul>			
	<ul> <li>ii. Does the bond hinder or further bidder participation in <u>fair and open</u></li> <li><u>procurements</u> (impact on the bidder pool);</li> </ul>			
	<ul><li>iii. Does the bond hinder or further <u>state procurement priorities</u> (impact on the State); and</li></ul>			
	iv. Does the bond hinder or further meaningful <u>opportunities</u> for innovative businesses, including small businesses, to participate in state procurement opportunities (impact on small and innovative businesses)?			
	<ul> <li>In addition, in considering whether to require bonds, procuring agencies should evaluate alternative operational and contractual options to secure timely, faithfu contractual performance.</li> </ul>			
	vi. If the decision is made to use a bond, procedures pertinent to each bond type follow.			
Agency Staff	2. Steps to take if using a Bid Bond.			

Action By	Action	
	a.	Inclusion in Solicitation If the Agency requires a bid bond, the competitive solicitation
		must include a specific requirement for bidders to submit, as a responsive element, a
		bid bond.
	b.	
		bidder, if awarded, must execute the contract or forfeit the bid bond to the Agency.
	C.	<u>Posting</u> If such a bond is required, the competitive solicitation must be posted for a
		minimum of twenty-one (21) calendar days before bids are due.
	d.	Amount The amount of any required bid bond must be stated in the competitive
		solicitation either as a specified amount in dollars or as a percentage of the bidder's
		total bid, in dollars. Because bid bonds limit bidder participation and because the
		Agency's risk is limited (i.e., if the lowest responsive, responsible awarded bidder fails to
		enter into the contract and/or fails to timely provide a performance bond, if required,
		the Agency may contract with the next eligible bidder), in no event shall a competitive
		solicitation require a bid bond that exceeds ten percent (10%) of the bidder's bid or the stated contract value.
	e.	Accompany the Bid If required, bid bonds must accompany the bid, reference the bid,
		and be made payable to the Agency. The bid bond must be irrevocable for the period
		of time set forth in the competitive solicitation.
	f.	Rejection Bids submitted without a required bid bond must be rejected.
	g.	Forfeiture In the event the awarded bidder does not timely execute the contract or fails
		to timely provide a performance bond, if required, its bid bond shall be forfeited to and
		become the property of the Agency.
	h.	Possession The Agency shall hold the bid bonds. The Agency must promptly return all
		bid bonds to all bidders no later than the date of contract execution.
Agency Staff	3. Ste	eps to take if using a Protest Bond.
	a.	
		solicitation must include a specific requirement for bidders to submit, as a responsive
		element, a protest bond.
	b.	Posting If such a bond is required, the competitive solicitation must be posted for a
		minimum of twenty-one (21) calendar days before bids are due.
	C.	Amount The amount of any required protest bond must be stated in the competitive
		solicitation as a specified amount, in dollars. In no event shall a competitive solicitation
	٨	require a protest bond that exceeds two percent (2%) of the stated contract value.  Accompany the Bid If required, the protest bond must accompany the bid, reference
	u.	the competitive procurement, and be made payable to the Agency. The protest bid
		bond must be irrevocable for the period of time set forth in the competitive solicitation.
	e.	Rejection Bids submitted without a required protest bond must be rejected.
	f.	Forfeiture Any bidder may protest a procurement decision for any valid basis. If,
		however, if a bidder files a protest that is not based on the criteria set forth in the
		solicitation (i.e., that is not based on the criteria listed in the Enterprise Procurement
		Policy for Complaints and Protests, <u>DES-170-00</u> ), and the protest is denied because it
		did not comply with <u>DES-170-00</u> , the bidder's Protest Bond shall be forfeited to the
		Agency.
	g.	Possession The Agency shall hold the protest bonds. Unless forfeited as set forth
		herein, the Agency must promptly return all protest bonds to all bidders no later than
		the date of contract execution.
