

**CPARB's Project Review Committee
Applicant Information September 2014**

Name	Title	Company or Agency Name, City	City	Short Paragraph that highlights skills, background or special knowledge for this type of committee
(2) Owner - Higher Education [note: only 1 was vacant at time of recruitment spring 2014]				
Jon Lebo	Director	UW Capital Projects office	Seattle	26 years of design and construction management experience with the University of Washington. For the past 16 years I have been project manager or director for twelve completed General Contractor I Construction Manager (GC/CM) projects. valued at approximately 5500 million, and completed within budget and on time or early using fast-track design and multiple phased construction. These projects have ranged from recreational sports, student union, office, police station, museum, science, and student residence buildings. Currently in design or construction, are an additional four projects valued at \$300 million. My experience includes three projects with alternative subcontractor selection for mechanical and electrical subcontractors, similar to the GC/CM selection process.
(1) Owner - Counties [was not in recruitment notice spring 2014]				
Jim Burt	Major Project Unit Manager	King County	Seattle	Responsible for the overall projects management of capital construction projects over \$1 million for general government facilities within King County and oversight of all capital projects over \$1 million at Harborview Medical Center. I have worked in a variety of public works projects that include hospitals, courthouses, jails, office buildings, parks and special needs facilities such as our new elections building and data center. I am currently overseeing King County's new \$210 million Children and Family Justice Center project. I am very familiar with the laws and regulations governing public agency design and construction contracting having worked with King County over the past 27 years. I would be very pleased to represent the County agencies on the PRC. I am confident that my public works experience and management skills would make me an excellent candidate for the position
(1) Owner - State - DES				
Yelena Semenova	Project Manager	WA State Dept. of Enterprise Services	Olympia	Yelena is a licensed architect with a Masters degree in Architecture, has been a project manager with DES for eight years managing design-bid –build and design-build projects for community colleges, the Military Department, Department of Veteran Affairs, Washington State Historical Society, and the Capitol Campus. She is certified DBIA Associate, member of AIA and NCARB, and is currently managing two design-build projects (\$8M & \$29M). After attending GC/CM training, she managed the Pre-design phase of the \$48M renovation of the John L. O'Brien building on the Capitol Campus and steered it to use the GC/CM process. Prior to working for the state, Yelena worked in the private sector as an architect with Ambia and NBBJ.

**CPARB's Project Review Committee
Applicant Information September 2014**

Name	Title	Company or Agency Name, City	City	Short Paragraph that highlights skills, background or special knowledge for this type of committee
(1) Owner - School District				
Steve Crawford	Director	Director of Issaquah School District	Issaquah	I am intered in continuing my appointment with the Project Review Committee.
(1) Owner - Cities				
(1) Design Industry - Engineer				
Shasta McKinley	Managing Member	Civil & Environmental Consultants LLC	Renton	Please accepte my request to continue my service with the Project Review Committee (PRC). I am currently a member representing Design Industry-Engineering. My current term expires July 2014. I would like to cointinue to serve on the committee for an additional term.
(2) Specialty Subcontractors				
Darron Pease	President	Pease and Sons, Inc.	Tacoma	As a third generation owner of a family business, I have a keen interest in the contracting industry. For over fifty years, our family firm has performed general and mechanical contracting on public works projects within the State of Washington. Altenative delivery contracting methods are a vital resource for the State. Implemented correctly, they can be a useful tool, supported by the industry and allowing the project the benefit of high quality at an efficient price. I have in-depth knowledge of many contracting methods and have experienced both the successes and failures of these methonds. I am physically and financially capable of serving and would appreciate the oppportunity to continue participation. Member of the PRC since May 2007
(1) Construction Manager
