

Questions for the Wenatchee School District (Lincoln Elementary):

1). Tom Bassett w/ Forte Architects does not appear to have any GC/CM experience. As a crucial member of the team to make a GC/CM project successful please explain on how he intends to gain such experience or training?

2). With the district and the design team having no GC/CM experience, identify 3 principal lessons learned Hill International will bring to the project and project teams during preconstruction and construction from their GC/CM experience.
