John Palewicz, Director Major Capital Projects
University Facilities Bldg.
Box 352205
Seattle, WA 98195-2205

Re: Public Body GCCM Certification Determination - Approval

Dear Mr. Palewicz:

The Capital Projects Advisory Review Board's Project Review Committee has determined that **University of Washington** has met the criteria established in RCW 39.10 for public body GC/CM recertification. As of July 28, 2016 the **University of Washington** is authorized to utilize GC/CM contracting procedures.

The **University of Washington's** certification will extend through July 2019. A re-certification application will need to be submitted to the Project Review Committee at least three months prior to the above noted expiration date.

Under the terms of the law you will be required to submit project data to CPARB during any GC/CM project undertaken with this certification. Please identify your point of contact for supplying required project data information to CPARB staff person, Danelle Bessett, at Danelle.bessett@des.wa.gov

Congratulations on the approval of your application.

Please contact Bill Frare at (360) 407-8239 if you have any questions regarding this process.

Sincerely,

A handwritten signature in cursive script, appearing to read "Rustin Hall".

Rustin Hall, Vice Chair
Project Review Committee
