Subject: Letter of interest- PRC County Position
Date: Friday, May 3, 2019 2:33:32 PM

I am writing for consideration of the open County position for the Project Review Committee. Although not employed by a County directly, I ask the Board to consider my value as an Owner rep who can represent the County interests as an owner agency should there be no other County rep applications.

I have experience as a project manager and construction manager for the City of Seattle on several major GC/CM projects completed under the provisions of RCW 39.10. I have worked with multiple peer agencies and believe that I can represent the interests and concerns of local agencies including cities and counties on the PRC. My experience is summarized below.

Jessica Murphy, PE, Construction Program Manager, Office of the Waterfront

I have been a Project Manager at the City for 14 years and 18 years overall. I have managed over 30 projects through complete design and construction with increasing in scale, complexity, and community impact totaling nearly \$700M in capital (work not including the upcoming waterfront program projects).

I previously led two large GC/CM transportation projects for the City of Seattle - First Hill Streetcar and Elliott Bay Seawall. In addition, I am managing the Waterfront program construction including the Overlook Walk Heavy Civil GC/CM project which is currently in preconstruction.

I bring experience with GC/CM provisions including, risk allocation, ECCM/MCCM use, predetermination of eligibility processes, large negotiated support services, and early preconstruction investigations. I am an experienced contract negotiator, communicator, and possesses a wealth of experience and lessons learned in GC/CM. I have also led contracting methodology selection workshops for which Design Build Contracting was considered.

I have a BS in Civil Engineering from the University of Michigan and am a licensed Professional Engineer.

Thank you in advanced for consideration.

Best,
Jessica Murphy, PE
City of Seattle

P.S. Please forgive the emailed letter of interest as I am away on vacation with no computer access. I will provided the above text on letterhead when I return to work Monday. I just didn't want to miss the deadline!
