RE: CPARB – Project Review Committee (PRC)
Letter of Interest for Re-appointment to Specialty Contractor Seat

Dear Talia:

My name is Bryan Eppler and I am currently the Director of Strategic Development for UMC, Inc. (UMC), a privately held firm, of which I am a partner.

While currently serving on the PRC as one of the Specialty Contractor representatives, I believe I have served the public interest and my Committee members with insight and dedication. Further, I have taken part in the GC/CM and MC & EC/CM re-authorization committees gaining deeper understanding of how and why the statues were authored and how we can improve the processes. Additionally, I'm a Board Trustee for the Association of General Contractors Education Foundation where I continue to gain insight into the contracting community at large as related to the statutory contracting processes.

Now, with nearly 28 years of experience bidding, proposing, subcontracting and constructing GCCM, MCCM, and DB projects, I believe I can continue to bring a responsible and realistic perspective to the PRC. UMC continues to be active in the GC/CM and Design-build projects. We are currently completing the Sound Transit U District Station (N140) project. We also pursued the Design-build IAF project and the MC/CM North Satellite Expansion both at SeaTac International Airport.

Please accept this Letter of Interest seeking re-appointment to the seat of Specialty Contractor for the PRC.
