Capitol Lake Long-Term Management Planning

Phase I Implementation: Identification of Hybrid Options

June 29, 2016	MEETING LOCATION
5:30–7:30 PM	Department of Enterprise Services, Jefferson Building: Conference Room 1213 1500 Jefferson Street SE, Olympia, Washington 98504

MEETING PURPOSE

1. Discuss the feedback provided by the Executive Work Group and Community on the May materials regarding Best Available Science related to water quality and habitat, including methods for evaluation and list of technical reports; present the revised materials to provide an opportunity for “second touch” and additional feedback.
2. Review draft Purpose and Need Statement and example statements.
3. Discuss identified hybrid options for future management of Capitol Lake for substantial improvement in fish & wildlife habitat and ecosystem functions, maintaining a historic reflecting pool and adaptive management strategies, per Proviso.
4. Provide opportunity for question and answer, and open house review of materials.

Agenda subject to change.
