Selection Criteria

Firms will be selected in a two-phase process: Phase 1 - short listing firms based on submitted information and Phase 2 - oral presentations, interviews, and Diverse Business Inclusion Plans of short listed firms.

Firms will be considered for interviews based upon the following weighted criteria, as well as submittal requirements, as indicated, for a total of 75 possible points:

Qualifications of Key Personnel	30 points
Relevant Experience	30 points
Past Performance	25 points

Evaluation and Scoring

In evaluating each of the criteria, the Selection Panel will identify significant and minor strengths and weaknesses from the submissions. The Selection Panel will then use the following guidelines to evaluate the submissions for each Selection Criterion, based on the weighting assigned in the RFQ and any addenda. After initial scoring, the selection team will come to a consensus ranking of the Firms.

1. Definition of “strength” and “weakness”:

- a. The term “strength” ultimately represents a benefit to the Project and is expected to increase the Firm’s ability to meet or exceed the Project Goals. A minor strength has a slight positive influence and a significant strength has a considerable positive influence on the Firm’s ability to exceed the Project Goals.
- b. The term “weakness” detracts from the Firm’s ability to meet the Project Goals and may result in inefficient or ineffective performance. A minor weakness has a slight negative influence and a significant weakness has a considerable negative influence on the Firm’s ability to exceed the Project Goals.

2. Scoring:

- a. **Excellent** (81-100 percent of points available): The Evaluative Criteria demonstrates an approach that is considered to exceed the Project Goals and the RFQ requirements and provide a consistently outstanding level of quality. *To be considered Excellent, it must be determined to have significant strengths and/or a number of minor strengths and few or no appreciable weaknesses.*
- b. **Good** (61-80 percent of available points): The Evaluative Criteria demonstrates an approach that is considered to meet the RFQ in a beneficial way (providing advantages, benefits, or added value to the Project) and offers quality. *To be considered Good, it must be determined to have strengths and few, if any, significant weaknesses. Minor weaknesses are offset by strengths.*
- c. **Fair** (41-60 percent of available points): The Evaluative Criteria demonstrates an approach that contains minor and/or significant weaknesses and limited appreciable strengths.
- d. **Deficient** (0-40 percent of available points): The Evaluative Criteria demonstrates an approach that contains significant weaknesses and no appreciable strengths.
- e. **Non-Responsive:** Does not meet the Minimum Qualifications required for evaluation. In addition, the Owner, at its sole discretion, may reject any Evaluative Criteria deemed non-responsive to any of the requirements.
