

**State of Washington  
DEPARTMENT OF ENTERPRISE SERVICES  
ENGINEERING & ARCHITECTURAL SERVICES  
OLYMPIA, WA**

**NOTICE TO CONSULTANTS  
REQUEST FOR QUALIFICATIONS**

Submittal Date **November 14th, 2019 prior to 2:00 PM**

**PRE-DESIGN SERVICES REQUIRED for Project No 2020-016; Transdisciplinary Building, Bellevue College, 3000 Landerholm Cir SE, Bellevue, WA 98007**

*The Center for Transdisciplinary Learning and Innovation will be a three-story, 70,000 gross square foot facility. The new building will provide ten general purpose classrooms and twenty dedicated labs. The academic program mix for labs will include interior design, art, engineering, computer science and the Institute for Business and Information Technologies (iBIT). A makerspace that will serve these academic programs and others outside the building will be included on the ground floor. The program mix combined with the makerspace addresses Bellevue College's goal for fostering innovation and transdisciplinary education*

***Scope of Work***

***This Request for Qualifications is for the purpose of selecting an Architect for Predesign Services for the Transdisciplinary Learning and Innovation located at Bellevue College. The scope of work includes predesign services only.***

***The MACC budget for project is approximately \$23,000,000. This Project has been funded for Design, Documentation and Permitting. A Project Request Report for this project was completed in December 2017 to confirm scope, program and budget and can be found on the Department of Enterprise Services' website Current Projects Advertised for Consultant Selection page.***

***Project Goals:***

- Enable students in the collocated programs to emulate the project based teamwork that occurs in actual-life working environments.
- The makerspace facilitates discovery, exploration, and problem solving, thereby fostering communication and critical thinking.
- The new building will provide space for the information and business technologies (iBIT), computer science, interior design, art and engineering programs
- Develop an environment that encourages active learning, collaboration, research and innovation in spaces designed for active learning, group work and collaboration.

*Submitting firms should have a strong background in multi-phased State agency construction, the State of Washington capital budget process, planning life-cycle analysis, site analysis, and innovative design of campus educational facilities related to Science, Technology, Art and Engineering programs and to collaborative teaching.*

There will be an **Informational Meeting** for this request on:  
October 30<sup>th</sup> 2019 at 10 a.m.  
Bellevue College  
Building N, Conference room N107

For additional information, please contact:  
Laurie Kearney, E&AS Project Manager, 360.701.7344  
William Tribble, Executive Director, Campus Operations

### **Selection Criteria**

Firms will be selected in a two-phase process: Phase 1 - short listing firms based on submitted information and Phase 2 - oral presentations, interviews, and Diverse Business Inclusion Plans of short listed firms.

Firms will be considered for interviews based upon the following weighted criteria, as well as submittal requirements, as indicated, for a total of 500 possible points:

Qualifications of Key Personnel	100 points
Relevant Experience	100 points
Life Cycle Cost Analysis	100 points
Sustainable Design Experience	100 points
Site planning	100 points

### **Evaluation and Scoring**

In evaluating each of the criteria, the Selection Panel will identify significant and minor strengths and weaknesses from the submissions. The Selection Panel will then use the following guidelines to evaluate the submissions for each Selection Criterion, based on the weighting assigned in the RFQ and any addenda. After initial scoring, the selection team will come to a consensus ranking of the Firms.

#### **1. Definition of “strength” and “weakness”:**

- a. The term “strength” ultimately represents a benefit to the Project and is expected to increase the Firm’s ability to meet or exceed the Project Goals. A minor strength has a slight positive influence and a significant strength has a considerable positive influence on the Firm’s ability to exceed the Project Goals.
- b. The term “weakness” detracts from the Firm’s ability to meet the Project Goals and may result in inefficient or ineffective performance. A minor weakness has a slight negative

influence and a significant weakness has a considerable negative influence on the Firm's ability to exceed the Project Goals.

## 2. Scoring:

- a. **Excellent** (81-100 percent of points available): The Evaluative Criteria demonstrates an approach that is considered to exceed the Project Goals and the RFQ requirements and provide a consistently outstanding level of quality. ***To be considered Excellent, it must be determined to have significant strengths and/or a number of minor strengths and few or no appreciable weaknesses.***
- b. **Good** (61-80 percent of available points): The Evaluative Criteria demonstrates an approach that is considered to meet the RFQ in a beneficial way (providing advantages, benefits, or added value to the Project) and offers quality. ***To be considered Good, it must be determined to have strengths and few, if any, significant weaknesses. Minor weaknesses are offset by strengths.***
- c. **Fair** (41-60 percent of available points): The Evaluative Criteria demonstrates an approach that contains minor and/or significant weaknesses and limited appreciable strengths.
- d. **Deficient** (0-40 percent of available points): The Evaluative Criteria demonstrates an approach that contains significant weaknesses and no appreciable strengths.
- e. **Non-Responsive:** Does not meet the Minimum Qualifications required for evaluation. In addition, the Owner, at its sole discretion, may reject any Evaluative Criteria deemed non-responsive to any of the requirements.

## **Diverse Business Inclusion**

Phase 2 Submittal Requirements (mandatory requirement, Not Scored):

- All shortlisted Firms, including diverse-owned firms, will be required to submit a Diverse Business Inclusion Plan. The Inclusion Plan should demonstrate in detail the specific strategies, approaches, and steps your firm will use in seeking to help meet or exceed the state's aspirational diverse business participation goals. Achievement of the goals is encouraged

### **Aspirational Goals:**

The Governor's Office's aspirational goals for diverse business inclusion are:

10% Minority Owned Business certified by the Washington State Office of Minority and Women Business Enterprises

6%, Women Owned Business certified by the Washington State Office of Minority and Women Business Enterprises

5% Veteran Owned Business certified by the Washington State Department of Veterans Affairs

5% Washington Small Businesses self-identified in the Washington Electronic Business Solution <http://www.des.wa.gov/services/ContractingPurchasing/Business/Pages/WEBSRegistration.aspx> (WEBS).

The selected consultant and all subconsultants are required to register and create an account with the DES Diversity Compliance program (B2Gnow). B2Gnow is designed to streamline and automate reporting requirements.

Consultants may contact the following resources to obtain information on certified and registered diverse business firms for potential sub-consultants:
