Additional Considerations for Selection

Diverse Business Inclusion Plan Requirements

This submittal is a Phase 2 mandatory requirement. It is not scored, however, failure to submit will result in a firm being deemed non-responsive.

Each top-ranked firm, including diverse businesses, will be required to submit DES' Public Works Diverse Business Inclusion Plan form (https://www.des.wa.gov/sites/default/files/public/documents/Facilities/EAS/DiverseBusinessInclusionPlan_2019.pdf). A complete Diverse Business Inclusion Plan will be submitted to the DES Project Manager no later than one (1) full business day prior to the scheduled interview date and time.

The Diverse Business Inclusion Plan must demonstrate in detail the specific strategies, approaches, and steps your firm will use in seeking to help meet or exceed the state's aspirational diverse business participation goals. Achievement of the goals is encouraged.

Aspirational Goals

The Governor's Office's aspirational goals for diverse business inclusion are:

10% Minority Owned Business certified by the Washington State Office of Minority and Women Business Enterprises

6%, Women Owned Business certified by the Washington State Office of Minority and Women Business Enterprises

5% Veteran Owned Business certified by the Washington State Department of Veterans Affairs

Evaluation and Scoring Considerations

In evaluating each of the criteria, the Selection Committee will identify significant and minor strengths and weaknesses from the submissions. The Selection Committee will then use the following guidelines to evaluate the submissions for each Selection Criterion, based on the weighting assigned in the RFQ and any addenda. After initial scoring, the selection team will come to a consensus ranking of the Firms.

1. Definition of “strength” and “weakness”:

- a. The term “strength” ultimately represents a benefit to the Project and is expected to increase the Firm’s ability to meet or exceed the Project Goals. A minor strength has a slight positive influence and a significant strength has a considerable positive influence on the Firm’s ability to exceed the Project Goals.
- b. The term “weakness” detracts from the Firm’s ability to meet the Project Goals and may result in inefficient or ineffective performance. A minor weakness has a slight negative influence and a significant weakness has a considerable negative influence on the Firm’s ability to exceed the Project Goals.

2. Scoring:

- a. **Excellent** (81-100 percent of points available): The Evaluative Criteria demonstrates an approach that is considered to exceed the Project Goals and the RFQ requirements and provide a consistently outstanding level of quality. **To be considered Excellent, it must be determined to have significant strengths and/or a number of minor strengths and few or no appreciable weaknesses.**
- b. **Good** (61-80 percent of available points): The Evaluative Criteria demonstrates an approach that is considered to meet the RFQ in a beneficial way (providing advantages, benefits, or added value to the Project) and offers quality. **To be**

considered Good, it must be determined to have strengths and few, if any, significant weaknesses. Minor weaknesses are offset by strengths.

- c. **Fair** (41-60 percent of available points): The Evaluative Criteria demonstrates an approach that contains minor and/or significant weaknesses and limited appreciable strengths.
- d. **Deficient** (0-40 percent of available points): The Evaluative Criteria demonstrates an approach that contains significant weaknesses and no appreciable strengths.
- e. **Non-Responsive:** Does not meet the Minimum Qualifications required for evaluation. In addition, the Owner, at its sole discretion, may reject any Evaluative Criteria deemed non-responsive to any of the requirements.
