WASHINGTON STATE PATROL

General Administration Building • PO Box 42600 • Olympia, WA 98504-2600 • (360) 596-4000 • [www.wsp.wa.gov](http://www.wsp.wa.gov)

December 1, 2015

Ms. Donna Albert, Energy Project Manager  
Department of Enterprise Services, Energy Program  
PO Box 41012  
Olympia WA 98501

Dear Ms. Albert:

Please find the enclosed report from the Washington State Patrol (WSP) regarding the Governor's Executive Order 12-06, Achieving Energy Efficiency in State Buildings.

The WSP has 55 facilities identified in the Environmental Protection Agency's Portfolio Manager that meet the definition of a Reporting Public Facility (RPF). A large portion of these facilities reside on campus style settings. These include district headquarters, crime labs and training academies.

Over the last six years, preliminary audits have been completed to all required buildings/campuses. The WSP has also conducted audits at facilities that fall far below the defined thresholds. These sites include weigh stations and detachment offices.

In 2015, energy reduction measures continue to be a priority to the agency. Currently, WSP completed HVAC improvement projects at our Spokane and Wenatchee District Offices. To date, 81 buildings have received lighting retrofits. This includes every facility that underwent a preliminary audit.

The WSP is working with the Washington State University's Extension Energy Program to update the Portfolio Manager. Currently, utility companies upload this information automatically for 35 of WSP's facilities. The agency is committed to energy efficiency and ensuring our resources are used wisely.

If there are any questions regarding our submission, please contact Captain Shane M. Nelson at the Property Management Division, (360) 704-5401.

Sincerely,

A handwritten signature in black ink, appearing to read "John R. Batiste".

CHIEF JOHN R. BATISTE

# Executive Order 12-06 Report

## ACHIEVING ENERGY EFFICIENCY IN STATE BUILDINGS

December 2015

<b>Agency Name:</b>	Washington State Patrol
<b>Agency Point of Contact:</b>	Shane Nelson
<b>Point of Contact Title:</b>	Captain
<b>Telephone Number:</b>	(360) 704-5401
<b>E-mail Address:</b>	Shane.nelson@wsp.wa.gov

**Describe benchmarking, metering, audits, and energy retrofits completed by the agency in 2015 to meet the requirements of EO 12-06:**

The Washington State Patrol (WSP) has identified 55 buildings in Portfolio Manager that meet the definition of a Reporting Public Facility. Of these 55 buildings, large portions reside on campus settings such as district headquarters, crime labs, or training academies.

To date, the required benchmarking, preliminary audits, and investment grade audits have been completed on all 55 buildings. Energy improvements were made to the Spokane and Wenatchee District Offices through HVAC upgrades. The Cheney Crime Lab received a quote for retrofits to address their preliminary audit. The Union Gap District Office, Property Management Division and Vancouver Crime Lab all received energy preliminary audits. The Property Management Division received lighting upgrades to both exterior and warehouse lighting.

**Describe benchmarking, metering, audits, and energy retrofits that the agency plans to implement in 2016 to meet the requirements of EO 12-06:**

Benchmarking has been completed on all WSP facilities. Ameresco is auditing the lights in a number of our agency's weigh station facilities. The agency will review those findings along with available funding to determine how to proceed with upgrading these facilities.

Based on preliminary energy audits, the agency intends to address energy

## Executive Order 12-06 Reporting Form

improvements to the following locations:

- Marysville District Office HVAC and boiler improvements
- Union Gap District Office control upgrades
- South King County Detachment AC and interior lighting upgrades
- Moses Lake Detachment office HVAC upgrade
- Hoquiam Detachment Office HVAC upgrade
- Roanoke Detachment Office HVAC upgrade

**Describe how the agency used Energy Star Portfolio Manager benchmarking in lease negotiations for new or renewed leases in 2015:**

The Department of Enterprise Services (DES) handles all major leases for the WSP, but also delegates a portion to the agency's Budget and Fiscal Services (BFS). Our discussion with DES includes negotiating two leases and the energy efficiencies.

**Describe actions that will be taken in 2016 to save energy through operational changes and continuous monitoring using Portfolio Manager:**

We will continue to monitor changes in facility performance at facilities where energy improvements have been made and determine if those systems need to be reset or modified as a result of failing and inefficient energy sources.

**Attachment:**

**A - Agency Progress in Implementing EO 12-06 (by building)**

**Resources:**

Go to the DES Portfolio Manager webpage for a link to EO 12-06, previous reports, RCWs, EPA resources and training, Step by Step Instructions, and Frequently Asked Questions at <http://www.des.wa.gov/services/facilities/Energy/EnergyStar>
