Commute Trip Options

In addition to parking a single occupancy vehicle in a campus parking lot, there are other options for commuting to the Capitol Campus.

Some options include:

- Biking
- Walking
- Transit
- Carpool/Vanpool
- Rideshare

Visit **ThurstonHereToThere.org** for more information on commuting options.

Transportation Demand Management

Through **Transportation Demand Management** (TDM), the state reduces costs, employees choose how to save time and money, and we collectively **save** our **natural resources.**

Enterprise Services continually evaluates parking and commute options on the Capitol Campus and uses that information to increase awareness of **commute options** including car- and van-pooling, public transportation, bicycling and more. Making choices available **helps employees** save time and money while reducing the state's carbon footprint.
